(a) lateral error by family, easiest first
R (PPO-ROM)
IF (PPO-ID-FD)
straight
fourier meander
lateral chirp
lateral sine
s curve
random spline
lane change hold
boom sweep
gaussian slalom
offset return
double s curve
0.02
0.05
0.10
0.20
0.50
mean absolute lateral error (m)
(b) IF lower on 6 of 11 families
straight
fourier meander
lateral chirp
lateral sine
s curve
random spline
lane change hold
boom sweep
gaussian slalom
offset return
double s curve
-522 mm
−75
0
75
IF − R lateral error (mm)
